

# Carteret County Holiday Card Contest

Every year all Carteret County Students participate in a holiday card design contest. This contest is to determine what the holiday card presenting Carteret County Schools will look like. Each school submits one design and Dr. Novey chooses a winner from each school level: Elementary, Middle and High. The school of the winning designs gets \$200 to spend on art supplies and the winning student's name is printed on each card. The requirements for the card are as follows:

Size: half sheet of 9x12 drawing paper (can be vertical or horizontally oriented)

Must be religiously neutral (no overt Christian or Jewish imagery or sayings)

Needs to represent unique qualities or characteristics of Carteret County: our coastline, fishing charters and industry, specific landmarks such as the lighthouse, history such as Blackbeard, I'm sure you can think of many more....

If you are including written text, please draw your lettering neatly so that it can be easily seen/read.

Color should be added in any medium of your choice and as an enhancement, not a distraction. In other words, color neatly!!

Cards are usually turned in to the Central Office before Thanksgiving break.
