

Elements of Art “Name Tangles”

Create a unique composition using your name. The word **composition** refers to the arrangement of objects, colors or elements within a work of art. In this assignment, your job is to create an interesting arrangement of shapes within a composition using your name.

To create closed spaces (or **negative** spaces) between your letters, you will need to...

1– Use all capital letters

2-Tilt your letters at multiple angles to

3-Make sure all letters touch either the top or bottom of the page, or bump into another letter.

Darken the lines of your letters, as these will be the **positive spaces** and need emphasis.

The closed spaces you have made will now be filled with different patterns. Make sure each space has its own unique pattern. Stretch your imagination to come up with individual patterns for each space.

Last, add color to your patterns. You can use your choice of art media. Media is the materials you use to make art such as marker, colored pencils, or crayons.

Reflect: How many Elements of Art did you use in your Name Tangle and how?
